[Change of default versions of ECMWF software packages - November 2023](#)

Xavier Abellán posted on Oct 18, 2023
ECMWF is updating the default versions of its software packages and libraries used across on Atos HPCF and ECS as part of the regular update cycle. The changes will take place on Wednesday 22 November 2023 09:00 UTC We strongly recommend you test that your programs, scripts and suites work with the new versions of any software or library affected before the change happens....

[Change of default versions of ECMWF and third-party software packages - May 2023](#)

Xavier Abellán posted on Apr 04, 2023
ECMWF is updating the default versions of its software packages and libraries used across on Atos HPCF and ECS as part of the regular update cycle. The changes will take place on Wednesday 31 May 2023 09:00 UTC We strongly recommend you test that your programs, scripts and suites work with the new versions of any software or library affected before the change happens....

[Important changes in new release of ecCodes 2.29.0: Dropping python2 interface, compiling with a C++ compiler](#)

Daniel Varela Santoalla posted on Feb 10, 2023
Dear ecCodes users, We wanted to make you aware of these two important changes in the upcoming 2.29.0 release of ecCodes. First, the old "python2" bindings of ecCodes, those installed directly with the main distribution, will not be available anymore. Python2 has been deprecated since 2020 (see <https://www.python.org/doc/sunset-python-2/> and <https://www.python.org/doc/sunset-python-2/>) and in order to simplify the software we have decided to remove it from the distribution....

[Access to ECMWF computing systems. Replacement of ECMWF HID hardware token by TOTP software token](#)

Daniel Varela Santoalla posted on Jan 16, 2023
The HID service will be discontinued in March 31st 2023. Please migrate to the TOTP before that date Time-based One-Time Passwords

ed-single-by-USV own
ed-single-by-USXa performance python queue troubleshotting web-publishing webapi webapi-faqs

are only required for login access to: the Atos HPCF and ECS services service using Teleport SSH the ECAC gateways ECPDS Time-based One-Time Passwords are NOT required for logging in to the ECMWF web site, ecCharts, to use the WebAPI to download data from MARS or the CDSAPI to download data from the Copernicus Climate Data Store (CDS)....

[Migration of SBU Accounting app](#)

Carsten Maass posted on Nov 25, 2022

On 29.11.2022 the SBU Accounting app will be migrated to the new Web infrastructure in Bologna and move from the current <https://apps.ecmwf.int/sbu-accounting/> <https://apps.ecmwf.int/sbu-accounting/> to its new URL <https://hpc-usage.ecmwf.int> <https://hpc-usage.ecmwf.int> On 1 Nov 2022 we started to charge for Atos HPC usage....
