

Global Precipitation Climatology Project (GPCP)

Last modified on Aug 07, 2023 15:35

This page provides the list of documents related to the Global Precipitation Climatology Project (GPCP) datasets, which are available in the [CDS](#).

- [GPCP: Algorithm Theoretical Basis Documents \(ATBD\)](#)
- [GPCP: Product User Guide and Specification \(PUGS\)](#)
- [GPCP: Product Quality Assurance Document \(PQAD\)](#)
- [GPCP: Product Quality Assessment Report \(PQAR\)](#)
- [GPCP: System Quality Assurance Document \(SQAD\)](#)

This document has been produced in the context of the Copernicus Climate Change Service (C3S).

The activities leading to these results have been contracted by the European Centre for Medium-Range Weather Forecasts, operator of C3S on behalf of the European Union (Delegation agreement signed on 11/11/2014). All information in this document is provided "as is" and no guarantee or warranty is given that the information is fit for any particular purpose.

The users thereof use the information at their sole risk and liability. For the avoidance of all doubt, the European Commission and the European Centre for Medium-Range Weather Forecasts have no liability in respect of this document, which is merely representing the author's view.
