

# Decommissioning of ECMWF Public Datasets service

With the need to consolidate its data-provision infrastructure, ECMWF will decommission the Public Datasets Service.

On **1 June 2023** the [Public Datasets Service](#), including access via the [Web API client](#), except for [S2S](#) and [TIGGE](#), will stop and the datasets listed below will no longer be available via this service.

Global Reanalysis datasets:

- [CERA-20C \(Jan 1901 - Dec 2010\)](#)
- [ERA-20C \(Jan 1900 - Dec 2010\)](#)
- [ERA-Interim \(Jan 1979 - Aug 2019\)](#)
- [ERA-Interim/LAND \(Jan 1979 - Dec 2010\)](#)
- [ERA-20CM \(Jan 1900 - Dec 2010\) Final](#)
- [ERA-40 \(Sep 1957 - Aug 2002\)](#)
- [CERA-SAT \(Jan 2008 - Dec 2016\)](#)

Regional reanalysis:

- [UERRA](#)

Atmospheric composition:

- [MACC Reanalysis \(2003-2012\)](#)
- [MACC GHG flux inversions \(1997 - 2014\)](#)

Observation feedback:

- [ERA-20C \(Jan 1900 - Dec 2010\)](#)
- [ISPD v2.2](#)
- [ICOADS v2.5.1 with interpolated NOAA 20CR feedback](#)

Miscellaneous

- [YOPP](#)

If you still need to access any of the datasets listed above via the Public Datasets Service, please do so before 1 June 2023. **For alternative ways of accessing the data and more up-to-date datasets, please see [Decommissioning of ECMWF Public Dataset Service](#) and "watch" the page to get notified of further updates.** For any questions, please contact us via the [ECMWF Support Portal](#).

Thank you for using our services and please accept our apologies for any inconvenience.v
