Overview

Statistics for the entire archiving period since 2006-01-01

Archive size [PiB]	<p>Error rendering macro 'sql'</p> <p>Security restricted macro with parameter 'datasource' and parameter value 'mars_apistats_new' is not allowed. Current user is not authorized.</p>
Number of fields	<p>Error rendering macro 'sql'</p> <p>Security restricted macro with parameter 'datasource' and parameter value 'mars_apistats_new' is not allowed. Current user is not authorized.</p>

last updated:

<p>Error rendering macro 'sql'</p> <p>Security restricted macro with parameter 'datasource' and parameter value 'mars_apistats_new' is not allowed. Current user is not authorized.</p>

Statistics for the period since 2014-01-01

Number of active users	<p>Error rendering macro 'sql'</p> <p>Security restricted macro with parameter 'datasource' and parameter value 'mars_apistats_new' is not allowed.</p> <p>Current user is not authorized.</p>
Delivered data volume [TiB]	<p>Error rendering macro 'sql'</p> <p>Security restricted macro with parameter 'datasource' and parameter value 'mars_apistats_new' is not allowed.</p> <p>Current user is not authorized.</p>
Number of retrieved fields	<p>Error rendering macro 'sql'</p> <p>Security restricted macro with parameter 'datasource' and parameter value 'mars_apistats_new' is not allowed.</p> <p>Current user is not authorized.</p>
Number of requests	<p>Error rendering macro 'sql'</p> <p>Security restricted macro with parameter 'datasource' and parameter value 'mars_apistats_new' is not allowed.</p> <p>Current user is not authorized.</p>

last updated:

Error rendering macro 'sql'

Security restricted macro with parameter 'datasource' and parameter value 'mars_apistats_new' is not allowed. Current user is not authorized.

Graphs

(Monthly statistics are available only since 2015-01-01)

Data volumes

Volume of data **retrieved** from MARS before post-processing vs volume of data **delivered** to users after post-processing.

Delivered data volume (zoom from the previous graph)

Number of requests

Number of active users

Data volumes

Volume of data **retrieved** from MARS before post-processing vs volume of data **delivered** to users after post-processing.

Delivered data volume (zoom from the previous graph)

Number of requests

Number of active users

Users per country

- only countries with at least 5 active users are shown

No Data Available

[blocked URL](#)

At least one active user (as per 2018-06-01)
[blocked URL](#)

At least one active user with colour density depending on the number of active users (from 1 to 742) (as per 2018-06-01)
