The figure displays three screenshots of a workflow editor interface, illustrating different workflow patterns: Suite, Repeat-Trigger mixed, and Produce-Consumer.

- Suite Example:** Shows a suite named 'test' with a limit of 0/2. It contains tasks 'f1', 't1', 't2', 't3', 't4', and 'f2'. Task 'f1' is a family task with a limit of 0/2. Task 't1' is a task with a limit of 0/2. Task 't2' is a task with a limit of 0/2. Task 't3' is a task with a limit of 0/2. Task 't4' is a task with a limit of 0/2. Task 'f2' is a family task with a limit of 0/2.
